

Using of social media

- Can students live without the internet?

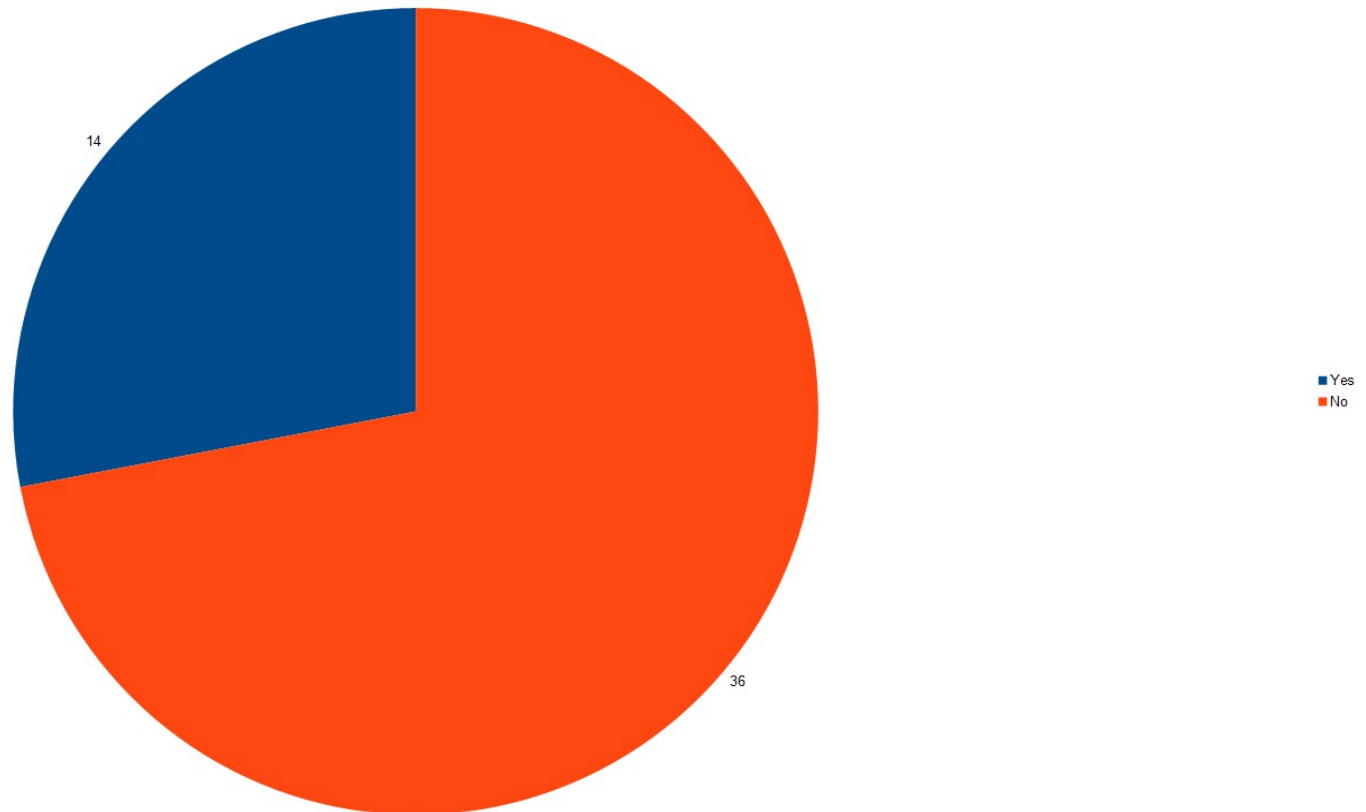

Using of social media

- Can students live without the internet?

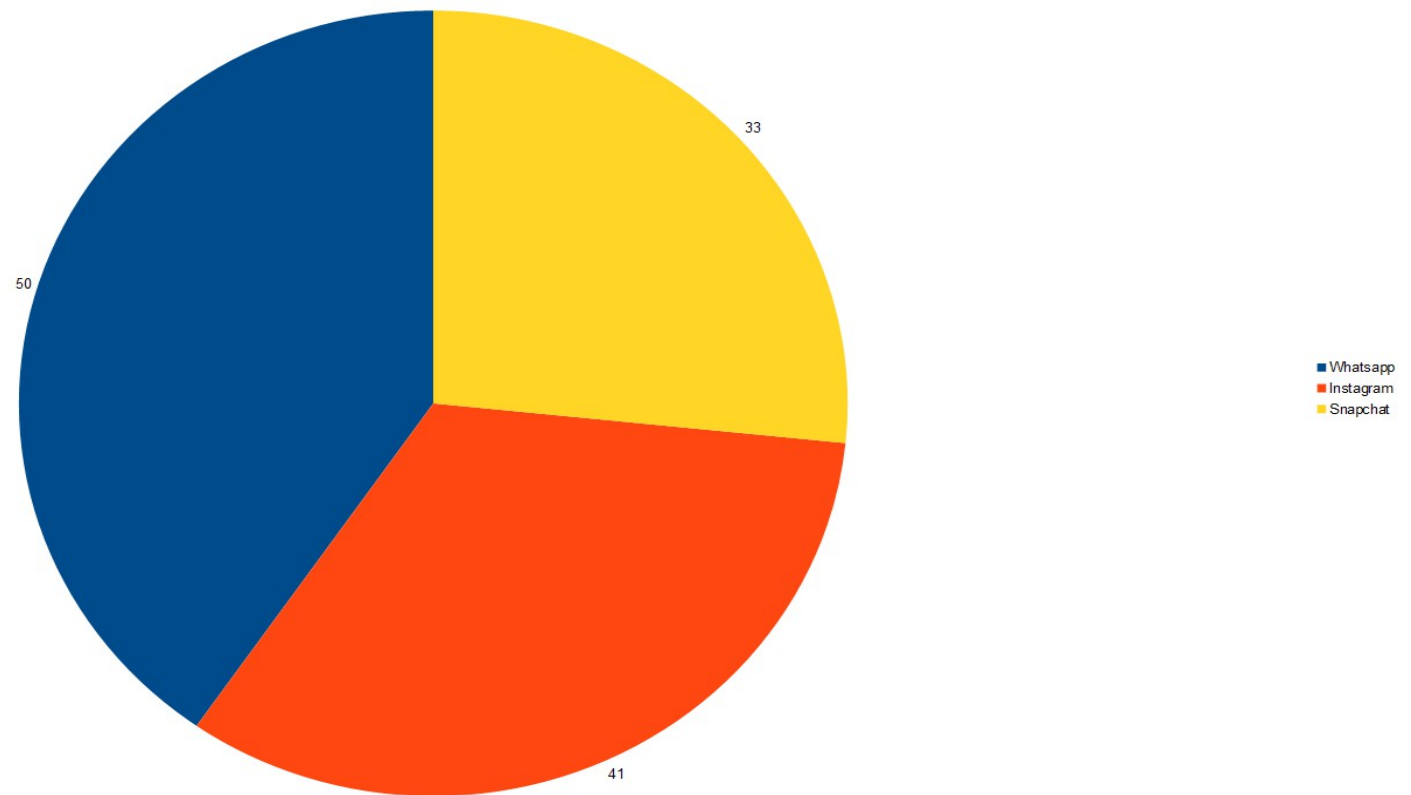

Using of social media

- Can the world live without the internet?

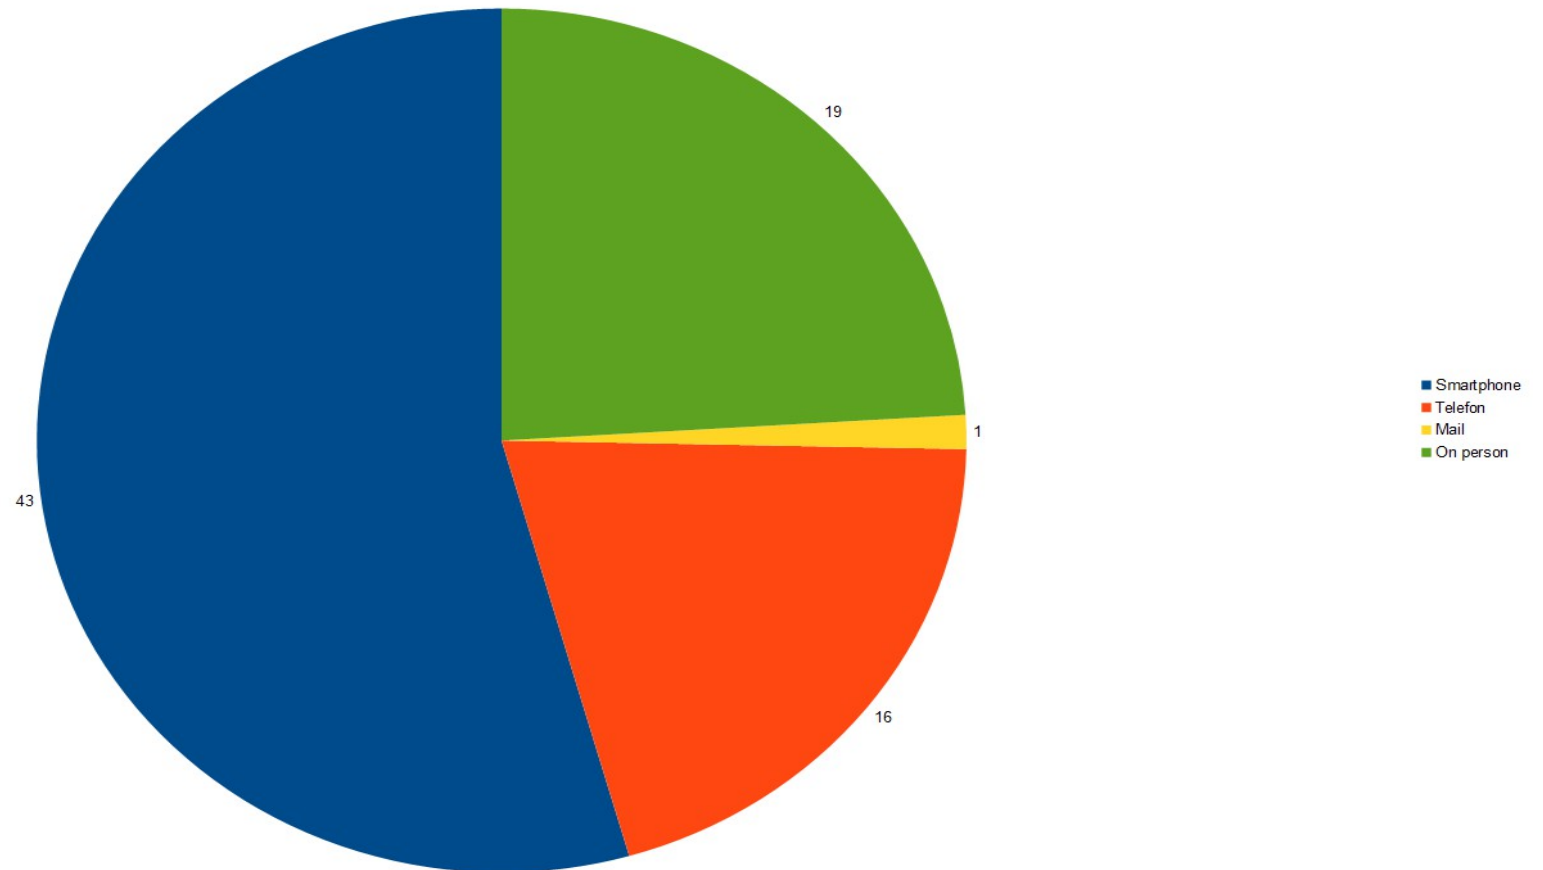

Using of social media

- Which social media do you use?

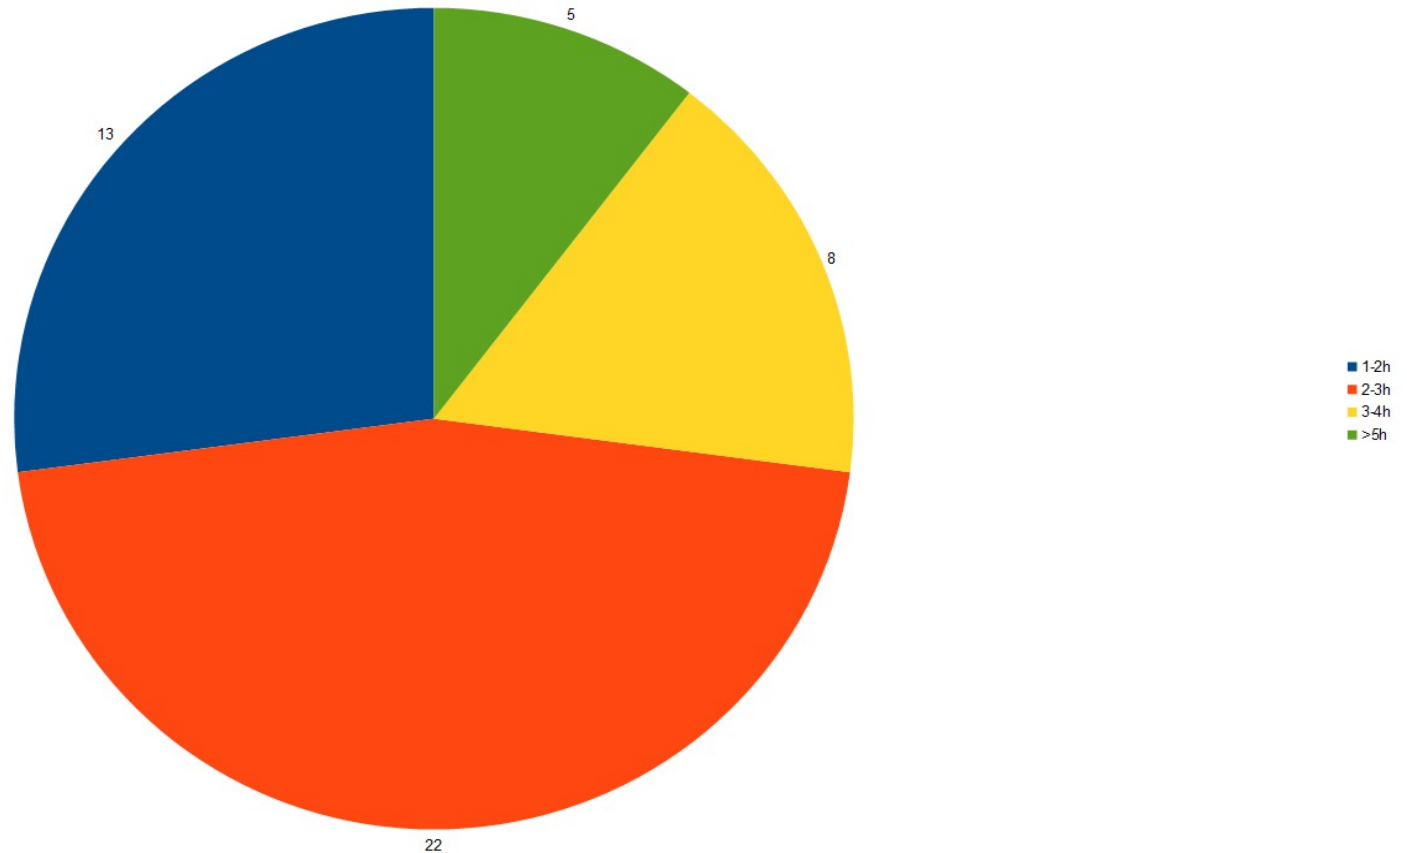

Using of social media

- How do you communicate with your friends?

Using of social media

- How much time you spend on your smartphone per day?

Data

- We asked about 20 people between 20 to 70 years in the city of Nordhorn
 - At school we asked 30 students, 10 in the 5th grade; 10 students in the 7th grade and also 10 in the 11th grade
- All in all we can see, that students have a longer screentime than older people
